

## SIMPLE TO INSTALL

Say goodbye to complicated installations! Our barrier system is designed with your convenience in mind. With user-friendly components and clear instructions, you'll breeze through the installation process, saving valuable time and effort.

## VISUALLY PLEASING

Make a statement with style! Our barrier system boasts sleek and modern designs that are visually pleasing and captivating. Elevate the aesthetics of your environment, capturing attention and creating stunning settings that are Instagram-worthy.

## QUALITY AND DURABLE:

We never compromise on quality. Our profiles are meticulously crafted using premium-grade aluminum, ensuring exceptional durability and long-lasting performance. Our barrier system withstands daily wear and tear, along with various environmental conditions, without sacrificing functionality or appearance.

## CUSTOMIZABLE

Unleash your creativity! Personalize our barrier system to match your unique vision. With a range of profile shapes, sizes, finishes, and colours to choose from, you have the power to create a look that seamlessly integrates with your space's design and branding.

Can also be used as a Balustrade

## SCALABLE FOR ANY SPACE:

No space is too big or too small for our barrier system. Designed with a modular approach, it effortlessly scales to fit any area. Expand or reconfigure with ease, adapting to your changing needs. From intimate cafes to grand event venues, our system is a versatile solution that never compromises on style or functionality.

## SEASIDE APPROVED

With Kell Powder Coating, our exclusive in-house powder coating plant. As one of only seven seaside-approved facilities in South Africa, we specialize in fulfilling all your powder coating requirements. Each item undergoes rigorous quality control checks and is meticulously protected with Kell Protection Tape.
